

HAIRFACT

ORAL NUTRITIONAL THERAPY FOR MALES AND FEMALES

RS 1020

HAIR FACT FOR LADIES

RS 1074

HAIRFACT FOR GENTS

RS 482

F EXTEND LOTION

Why should we take cyclical and not the conventional daily dosage ?

Cyclical therapy reduces dosage improves efficiency and allows the inclusion of more number of essential nutrients thus providing overall wellness good health and hair growth.

It's the only ways to ensure all the required nutrients are being used without creating excess of any single nutrient.

HAIR FACT is safe Low dose yet comprehensive cyclical therapy to restore normal hair growth

Apply the lotion on
scalp skin,
rub into hair root,
at bed time
Wipe off next day

How to use Minoxidil Topical Lotion (f- Extend) ?

It is preferable to use overnight
application method.

Clean your scalp off any dust , scales or
crusts.

Part you hair in such a way that scalp is
seen or felt.

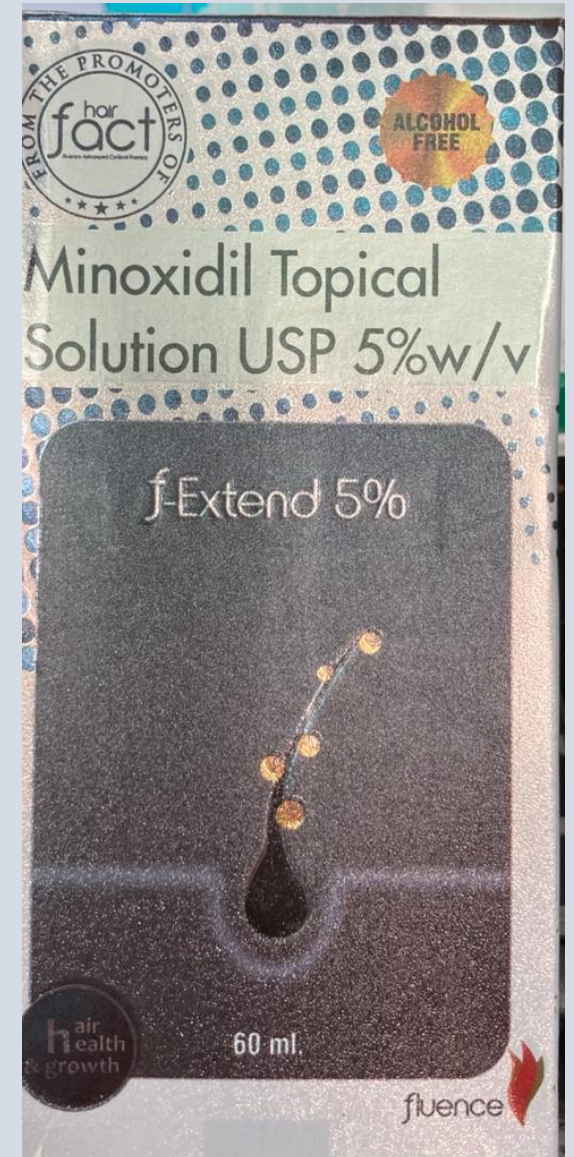

Take few drops of medicine and rub it
into the scalp. Now rub the medicine
into the area.

Go to sleep.

Next day, wipe off this applied
medicine with wet thin cotton cloth.

However, there is no harm if you
choose not to wipe it off.

Observe for any allergic reactions
causing redness and itch in scalp in first
few days. Any allergy demands to stop
application
